<TURN RIGHT> (CUE #1)

*// Actor initializes the piece then sits down
// 2 strikes of a bell
// Then ambient school noise from behind the audience
// Strikes on bell continue, lasts about 1:30-2minutes
// Stand up and trigger a few seconds after 4th bell*

<TURN RIGHT> (CUE #2)

// REHEARSAL A, actor begins

**My father was an actor
Professional pretender
Pretended to be a father
Demanded perfection

<TURN RIGHT> (CUE #3)

// Bell sound creeps towards front and becomes amplified

**Be sporty

Then there was my sister the apple of his eye**

<TURN RIGHT> (CUE #4)

*// Bell dissipates, synth bed enters
// Wait 10-20 seconds.
// REHEARSAL B*

This one time
I can't remember why
My dad had some friends over in the backyard and
Someone had bought me a Cowboy and Indian set

<TURN RIGHT> (CUE #5)

*// Coughing appears from the back
// Actor can focus briefly on coughing
// Stutter on next 2 line of dialogue
// REHEARSAL C*

It consisted of a cowboy hat, sheriff's badge,
Toy Gun, tomahawk, and a headband with a feather in it
So my dad said "Let's play"
First I was the Indian and he was the Cowboy
The second I raised my tomahawk
He shot me down

<TURN RIGHT> (CUE #6)

*// Change synth bed
// REHEARSAL D*

Then we switched rolls,
I was the Cowboy and he was the Indian
And before I could grab my gun
He took the tomahawk and threw it at my head
He said it was Custer's last stand

<TURN RIGHT> (CUE #7)

*// Laughing begins from the back
// Actor should stutter or pause through next line of dialogue*

I didn't get it and everyone was laughing at me

// Laughter fades

// REHEARSAL E

That night I thought we would play again

I snuck onto his bed

Raised my tomahawk

And he woke up

He didn't act like a Cowboy

<TURN RIGHT> (CUE #8)

// Bell sound returns very loud

He acted like an angry father

// Bell sound fades, takes about 30 seconds from initialization

// Actor should sit back down

<TURN RIGHT> (CUE #9) This does nothing, it is there if actor must trigger after the piece
